Our friend Brewington is suing the Town to force councilmanic seats. I have been begging you for 3 years to start a process to find Republican Hispanics. If you guys don't act soon you are going to have a severe problem in Islip Town. No more excuses about Tom Croci. My \$500 toward a luncheon is still available. You haven't got a chance against Brewington. Everyone on the Town Board lives south of the Sunrise Highway. You haven't got a chance!!!! unless you do something right away.
